

LARPA

The Live Action
Roleplayers Association

Mind's Eye Theatre

The only way to fight is
with adjectives and rock,
paper, scissors.

Mollusks

Players who show up,
grab a character, and are
never heard from again.

Monsterbaiting

When NPCs create big
dramatic scenes with
each other, leaving the
players out to act as an
audience.

Mundanes

Those poor non-LARPing
folks who have just
stumbled across your
game.

Plate Mail

Expensive armor, but it
can save character lives.

Plots

The things that happen
during the game that
cause the game to
happen.
